### About our products

Our products are manufactured in Australia from local and imported ingredients.

Our products contain naturally occurring ingredients and essential oils and are environmentally friendly.

Please follow the directions for storage and use on our packaging.

Our products are for external use only and not for human consumption. Keep out of reach of children and pets.

It is possible that some people may experience an allergic reaction to a naturally occurring substance in one of our products. You should seek medical advice promptly if you experience an allergic reaction.

Our products do not contain substances that are considered dangerous to human beings. Where required, the products we distribute in the United States comply when regulated by the US Food and Drug Administration or the Environmental Protection Agency. Where required, our products also comply with various US State and City laws including California Proposition 65, Toxins in Packaging legislation, etc. Other countries may have different regulations. You should check your local regulations before purchase.

OurEcoClean does not (and cannot) guarantee elimination of all microorganisms, bacteria or viruses through the use of our products. We continually invest in research and new product development to ensure we deliver the best available green-cleaning technology to our customers, as new pathogens develop. We cannot control the application of our products, but recommend our customers thoroughly read and comply with the product directions for use.
